Assistant Finance Manager

A Renewable Energy Company is Looking for an Assistant Finance Manager (Based in Johor/Selangor) **Your new company** This company has been involved in the evolution of renewable energy for a decade. As of today, their portfolio covers industrial, commercial & government projects across South Asia.

Your new role As the Assistant Finance Manager, you will be responsible for:

Preparation of full set of accounts, including relevant accounting schedules as support prepared by junior executives

Responsible in budgeting & forecasting process

Liaison with external parties such as tax agents, auditors etc

Prepare and analyse financial statements / data and report financial performance

Handle treasury functions including secure trade line, borrowings, cash flow planning and forecast reporting, monitoring compliance with financial covenants.

What you'll need to succeed To be successful in the role, you will need to have:

Minimum Degree in Accounting or Finance, with Professional Qualification (e.g. ACCA, CPA, ICAEW etc) is an added advantage.

Minimum 4 years of working experience in Accounting and Finance, with experience in the Energy or Construction field is highly preferable.

Previous experience in auditing is preferable.

Confident and good team player with excellent communication and interpersonal skills.

Self-resilient and able to work in a fast-paced and aggressive environment.

What you'll get in returnIn return for your contribution, you will receive:

Remuneration package up to MYR96000 per annum

Challenging yet fulfilling career as one of the market leaders in Malaysia

Be a part of a leading industry in renewable energy

Friendly working environment with outcome focused
