Director, Field Engagement & Operations

Director level position for a global pharmaceutical giant based in Petaling Jaya

Your new company

This organisation is an industry giant within the pharmaceutical field. They are keen to be at the forefront of technology and has exciting new projects lined up across the region. Hence, they are looking for a senior level IT professional to join their regional team based in Petaling Jaya.

Your new role

You will be working closely with regional business leads to strategise and delivery key projects which aligns with the business strategies. You will also be involved in driving new innovative ideas based on the latest technology offerings. You are also responsible in defining and planning initiatives internally to drive digital transformation.

What you'll need to succeed

Track record in delivery and implementation of ERP solutions

Strong commercial experience in business operations

Proficient in technology solutions that relate towards Marketing & Sales operations

What you'll get in return

You'll be offered a competitive salary package, and a unique platform to work with the people in the industry to build long-term career opportunities. This is an exciting opportunity to work for an industry leading company which allows you to make a real impression and discover how

valuable you are. Besides, you'll enjoy a dynamic and stimulating fast-paced environment with a team of bright professionals supporting you.
