

## Director of Golf

[Apply Now](#)

Company: PGA

Location: Malaysia

Category: other-general

### Overview

A very successful golf program has been established and with the announced retirement of our current Director of Golf, a PGA of America Professional, we are looking for someone to seamlessly carry on what has been established and take the International School's program to even greater heights.

Our Golf Center of Excellence on campus is one of the finest indoor training facilities in Malaysia. It is outfitted with a Trackman Simulator and an indoor putting green with slopes that accommodate putts of up to 60 feet. We also have access to two fine practice facilities at Forest City Golf Resort and Senibong Golf Club.

Applicants should be devoted to coaching junior golfers and take a strong interest in not only their golf interests, but also have a strong desire to have them achieve high academic standards as well. One of the main attractions of our program to students is the prospect of playing University golf in the US.

Applicants should be eager to and have the knowledge and experience to take full control of the golf program – including marketing and assisting admissions with recruiting new student/athletes.

The golf program at Shattuck St.Mary's is data driven and provides clear evidence to golfers and parents of players improvement in terms of technical, course management and mental.

The Director of Golf will have a part-time assistant to help with the beginner and developmental level golfers.

The qualified candidate should have had a successful college golf career, extensive

experience teaching junior golfers and especially Elite Level junior golfers or a Class “A” PGA Professional or someone working toward that level of certification. The candidate must meet the standards to obtain an International Visa which would include a recognised university degree. The salary and benefit package is competitive for the Malaysia/Singapore region. The selected candidate will sign a two-year contract and receive package that includes a three-bedroom apartment and free meals that are included in the compensation package. Ideally, the candidate will be in Malaysia by July.

#### Benefits

Furnished 3 Bedroom Apartment

Free Utilities

Free Meals

Free Phone service

Free Internet

Visa costs covered

Flights covered coming to Malaysia at beginning of contract and at the end of contract

Shipping costs of personal items within limits

5 Weeks vacation annual + holidays
